Dear Mr. Gertenbach —

I was delighted to receive your check for \$3500. to help support the Papilloma Virus Meeting we are hosting September 14-18, 1982. We will use it to help support attendance by graduate & medical students and foreign scientists. We shall be most pleased to acknowledge your generous help both in my welcoming remarks and in the Meeting Program & Abstracts Booklet.

We are looking forward to a particularly exciting Conference both because of the rapid developments in research on the viruses & their host cells & their role in human cancer and because of the interactions among the participants & the future research this gathering will foster.

Thanks for your assistance.

Sincerely yours,

Thomas R. Broker

meeting co-organizer
along with Peter M. Howley.
